

# SAY HELLO TO GDPR

## GDPR (General Data Protection Regulation)

'increases privacy for individuals' and 'empowers regulators' to take action against businesses who are careless with data\*. That's why, at Progress Systems, we need to be aware of how we handle data.

### WHAT IT MEANS FOR US

---

- **Stricter processes** when handling data
- **Tougher penalties** for companies who are careless with data
- **Internal compliance procedures** to follow
